grunty industries walkthrough: Monster Jam Steel Titans 2 Gameplay Walkthrough Clint Grill, 2021-04-13 In Monster Jam Steel Titans 2, Monster trucks are the automotive embodiment of a slightly tipsy dad coming home after a wedding: spirits high but knocking over all the garden gnomes. They're big, loud, and a little destructive - but lovable oafs, nonetheless. It's hard to hate a giant, five-ton truck wearing a novelty hat. Monster Jam Steel Titans 2 quaintly leans into this kind of wackiness with a series of large, themed open worlds celebrating a silly yet earnest stable of official trucks shaped like dogs and zombies, but its anticlimactic exploration objectives and the vanilla, chore-like structure of the competitions on offer unfortunately make for a surprisingly boring drive. This book includes how to play for beginners, strategy guides, cheats, tips, and tricks.
