The game is structured into several chapters, each offering unique settings and challenges. The objective is straightforward: collect items, uncover the narrative, and escape the pursuing Slender Man. Understanding the layout of each chapter is crucial for success, making a detailed walkthrough indispensable.

Chapter Overview

Chapter 1: Prologue

The game begins with the player receiving a call from a friend, prompting them to explore an abandoned house. This chapter serves as an introduction to the game mechanics and

sets the tone for the horror experience. Players must navigate through the house and collect the first few pages of the Slender Man lore, which are hidden throughout the environment.

Chapter 2: The Eight Pages

In this chapter, players must collect eight pages scattered throughout the forest. Each page provides insight into the Slender Man's backstory. As players collect pages, the Slender Man becomes more aggressive, increasing the tension. It is crucial to maintain awareness of the environment and the Slender Man's location, as getting lost can lead to a swift demise.

Chapter 3: The Arrival

This game is a completely separate story from the first 2, with different cast, different story, and even different art style. After many, MANY RPGs that I've played during 2020, playing Bravely Default 2 was a hard change, but not a bad one. Bravely Default II is a VERY RPG game, and by that I mean there are save points in dungeons, there are tents to heal up, tons of weapons and jobs, etc. This is a game where you cannot save anywhere, where save points won't heal your HP and MP, and when you need to grind to get stronger.
