somerville game walkthrough: Metroid Dread Mark C Frier, 2021-10-09 Metroid Dread is here, and it marks the conclusion to the decades-long story that's been told across the 2D side of the series, dating back to the original Metroid. While it may be a landmark game in that sense, the actual structure of it is very much still what you'd expect from a Metroid, as Samus starts out her journey stripped of her powers before slowly (and sometimes not so slowly) accumulating them again. It's typical Metroid fare, but whether it's been years since you last touched a game in the series or are making this your starting point, we've got some tips to help ensure your hours spent on the planet ZDR are dread-free. Dread is a challenging game, but in many ways, it's not especially punishing. The new EMMI enemies that have been featured all over the game's marketing pose a serious threat to Samus, but thanks to checkpoints just outside of the zones you inhabit, an encounter going awry with one will only set you back a minute or two at most. Boss battles can also be quite difficult until you learn their patterns, but you can make things easier on yourself by putting in some legwork beforehand. With all of that in mind, let's dive into the tips.

somerville game walkthrough: Luigi's Mansion 3 Paul a Maxwell, 2020-04-08 Luigi never seems to learn his lesson. It's been 18 years since he was first lured to a haunted house and tortured by its spooky inhabitants. Now, having been duped again, he's trapped in an even bleaker building - the Hotel of Last Resort - as he races to rescue a familiar cast of Mushroom Kingdom characters. Although it treads very familiar ground to its predecessors, there's a lot to love in the third installment of the adventure series that lets Mario's timid twin take charge. You still guide the character through uniquely themed sections of the building, relying on his flashlight and multi-functional Poltergust vacuum to rid the place of ghosts. Luigi keeps track of his progress through the 15 main hotel floors with the help of a digital assistant, amusingly called a Virtual Boo, as well as the quirky Professor E Gadd, who's on hand to offer tips and tutorials. Luigi's Mansion 3 guide and walkthrough is complete with puzzle solutions, boss guides, every gem location, all boo locations, tips and tricks, secrets, easter eggs and references, and much more.
