suzerain walkthrough: Friendship of the Lord Deryck Sheriffs, 2004-09-07 Does the religious experience of Israelites mean anything to us today? Or does it apply more to the rituals, prayers, and myths of the ancient Near East than to our world? Was Israelite spirituality so rooted in its culture that it will not transplant? Or can we graft its shoots of faith and its struggle with life into our contemporary spirituality with integrity? What happens when we look at a relationship with God through the lens of the Old Testament? Does the Old Testament open a window on what it means to be human now? These are the issues addressed in this survey. It looks at what it means to see life as a journey walked with God. It explores the fear of the Lord, biblical meditation, and confronting God in anger. It focuses on life's mundaneness and its absurdity. It analyses guilt, true and false, and restoration through forgiveness. It asks whether Israel's experience of time passing, the calendar of seasons, and the rhythm of life offer today's urban commuters memos for their diaries. Deryck Sheriff's concern to bridge the divide has led him to write a book on the Old Testament which moves from the world of academic biblical studies into the realm of contemporary spirituality.

suzerain walkthrough: Two People A. A. Milne, 2017-09-21 Reginald Willard, the central character of A. A. Milne's novel Two People seems to lead the perfect life. The rift between them is exacerbated when they move to London where Reginald is drawn to the intellectual and artistic set which holds no appeal to his wife. Reminiscent in style and subject to Evelyn Waugh, A. A. Milne's novel carries echoes of his own marriage to his wife Daphne.

suzerain walkthrough: Relational Christianity Wesley M. Pinkham, 2022-06-21 This work begins with a transformative idea: human existence is fundamentally relational. Relational Christianity explores how the nature of the Trinity must define the Church and the Christian spiritual life. Utilizing Scripture, Christian spiritual tradition, and philosophy, Pinkham and Gruenberg paint the picture of a Trinitarian, Jesus-centered Christianity, led by the Father and explored in interpersonal oneness. In this view, God's intimate, unifying love is the theological river that runs through the landscape of biblical revelation and through God's movement in history. This work of Trinitarian practical theology suggests that the relation between Father, Son, and Spirit should shape and guide all Christian interactions--with God, with others, and with self. In the paradigm of relational Christianity, the formation of genuine personhood and identity are based upon relational connections--first with the Trinity, and second with God's family. The shape of the new covenant community must reflect the Father's nature. Church culture must prioritize

relationship in the same way the Trinity does.

suzerain walkthrough: Hands of Faith Jordan Cooper, 2016-07-15 It is a common misconception that Lutheran theology is inherently antinomian, or unconcerned with Christian ethics. This unfortunate caricature of the doctrine of the Reformation has been furthered by certain strands of Lutheran theology, which reject the third use of the law and the necessity of expounding Christian ethics in preaching. In this book, Jordan Cooper challenges the claim that Lutheranism emphasizes justification at the expense of sanctification, demonstrating that the two kinds of righteousness are a historical Lutheran framework that gives prominence to both salvation by grace and one's duty to serve the neighbor in love. Through an evaluation of Luther's writings, the confessional documents, Lutheran Orthodoxy, and contemporary writers, Cooper demonstrates that an emphasis on the passive nature of one's relationship to God does not diminish or negate the necessity of sanctified living. This is done not by departing from Lutheran teaching, but by delving deeper into historic Lutheran theology as found in the scholastic tradition.
