trails in the sky second chapter walkthrough: Trails Into Reverie The Legend of Heroes Complete Guide Molly Moore, 2023-07-12 Welcome to our The Legend of Heroes: Trails into Reverie walkthrough guide. In this guide you can expect a full walkthrough of each of the game's chapters, boss strategies, all sidequests, all collectables, all enemy info, character profiles, etc. Despite most of us RPG aficionados know the Trails of series, the series itself is a sub-series of the much larger Legend of Heroes, which started in Japan WAY back in 1989. Yeah, this is almost as old as the OG Final Fantasy game, and with their much more recent Trails of series, they started gathering a huge fan base that I'm happy to call myself part of it. Trails into Reverie (originally known to many for a long time as Hajimari no Kiseki) is the culmination of the story that takes place in Erebonia and Crossbell, the end of 6 amazing games. The game itself is very different from every other game before this. Given that we see events that take place in both Erebonia and Crossbell (and everywhere in between), we have different groups and different routes. We start with Lloyd's and the SSS's group. Their route starts out in Crossbell. Then we have Rean's group, whose route starts in Erebonia. Lastly we have a third route, with some mysterious characters that make an introduction here in this game. I myself played a lot of the japanese version of the game with the fan translation, but it was mostly incomplete so I'm finally able to play this fully translated. Given that I have some experience with the JP version of the game, trust me when I say I'll bring you the best, most concise info to make your stay here a pleasant one! What this guide will offer: Complete walkthrough for the game from start to finish Strategies for all Boss Fights All Sidequests All Enemy Info All Chests locations Tips and Tricks Much, much more!
