

follett used textbooks

follett used textbooks are a vital resource for students seeking affordable educational materials. As college tuition and associated costs rise, the demand for budget-friendly options becomes ever more pressing. Follett, a well-established name in the education sector, offers a vast selection of used textbooks that cater to a variety of academic needs. This article will delve into the advantages of purchasing Follett used textbooks, how to locate them, the condition grading system, and tips for maximizing your savings. Additionally, we will explore the environmental benefits of buying used books and provide a comprehensive FAQ section addressing common inquiries.

- Introduction
- Benefits of Follett Used Textbooks
- How to Locate Follett Used Textbooks
- Understanding the Condition Grading System
- Maximizing Savings on Used Textbooks
- Environmental Impact of Buying Used Textbooks
- FAQ

Benefits of Follett Used Textbooks

Purchasing Follett used textbooks comes with numerous advantages that appeal to both students and parents. The most significant benefit is cost savings. Used textbooks can often be found at significantly lower prices than new editions, allowing students to allocate their budgets toward other essential expenses such as tuition, housing, and supplies.

Another key advantage is the availability of a wide range of titles. Follett offers textbooks across various subjects and academic levels, ensuring that students can find the materials they need for their courses. Additionally, buying used textbooks promotes sustainability by reducing the demand for new book production, which in turn minimizes environmental impact.

Furthermore, Follett's established reputation in the educational sector provides assurance regarding the quality and reliability of their textbooks. Students can feel confident that they are purchasing from a trusted source that has been serving educational institutions for decades.

How to Locate Follett Used Textbooks

Finding Follett used textbooks is a straightforward process, thanks to their user-friendly online platform and physical store locations. Students can

begin their search by visiting the Follett website, where they can enter the title, author, or ISBN of the textbook they need. This will display available used copies, along with pricing and condition information.

In addition to online searches, students can also visit Follett's physical bookstore locations on college campuses. These stores often have a dedicated section for used textbooks, where students can browse and inspect the condition of the books in person.

- **Online Search:** Use the Follett website to find textbooks by title, author, or ISBN.
- **Physical Stores:** Visit campus bookstores for in-person browsing of used textbooks.
- **Student Exchanges:** Participate in student-run book exchanges or forums where used textbooks are available.

Understanding the Condition Grading System

Follett employs a detailed condition grading system to help students understand the state of the used textbooks they are considering purchasing. This system categorizes books into various conditions, ensuring transparency and helping students make informed decisions.

Condition Categories

The condition categories typically include:

- **Like New:** The book shows no signs of wear and appears to have been rarely used.
- **Very Good:** The book is in excellent condition with minimal signs of wear, such as slight creases or markings.
- **Good:** The book may have some noticeable wear, such as a bent cover or highlighting, but is still perfectly usable.
- **Acceptable:** The book exhibits significant wear and tear, including possible notes or markings, but remains functional.

Understanding these categories allows students to choose a textbook that meets their quality expectations while staying within their budget. It is advisable to consider personal preferences for wear and tear when selecting a used textbook.

Maximizing Savings on Used Textbooks

To maximize savings on Follett used textbooks, students should adopt several strategies. Firstly, planning ahead is crucial. By knowing which textbooks are required for upcoming courses, students can start searching for used copies as early as possible. This proactive approach increases the chances of finding the desired books at lower prices.

Additionally, students should compare prices across multiple platforms. While Follett offers a robust selection, other online retailers and local bookstores may also have competitive prices on used textbooks. Keeping an eye on seasonal sales or promotions can further enhance savings.

Tips for Saving on Used Textbooks

Here are some effective tips for saving money on Follett used textbooks:

- **Rent Instead of Buying:** Consider renting textbooks for courses that may not require long-term use.
- **Buy Back Programs:** Participate in Follett's buy-back program at the end of the semester to sell back used books.
- **Digital Versions:** Explore digital textbooks, which can be less expensive and more convenient.
- **Check for Editions:** Sometimes, older editions of textbooks are available at a fraction of the cost and still meet course requirements.

Environmental Impact of Buying Used Textbooks

Buying Follett used textbooks significantly contributes to environmental sustainability. Each used book purchased reduces the demand for new book production, which involves cutting down trees, using energy, and creating waste. By opting for used textbooks, students participate in a more sustainable approach to education.

Furthermore, purchasing used books helps minimize the carbon footprint associated with the transportation and distribution of new textbooks. As awareness of environmental issues grows, many students are eager to make choices that align with their values, and buying used textbooks is an effective way to do so.

FAQ

Q: What are the benefits of buying used textbooks from Follett?

A: Buying used textbooks from Follett offers significant cost savings, a wide selection of titles, and supports sustainability efforts by reducing the demand for new book production.

Q: How can I find the used textbooks I need on Follett's website?

A: You can locate used textbooks on Follett's website by entering the title, author, or ISBN of the book you need in the search bar.

Q: What does the condition grading system mean?

A: Follett's condition grading system categorizes used textbooks based on their physical state, ranging from "Like New" to "Acceptable," helping students select books that meet their quality expectations.

Q: Can I save money on textbooks beyond buying used?

A: Yes, you can save money by renting textbooks, participating in buy-back programs, checking for older editions, and exploring digital versions, which are often less expensive.

Q: Are there any environmental benefits to buying used textbooks?

A: Yes, purchasing used textbooks helps reduce deforestation, lowers energy consumption, and minimizes waste, contributing positively to environmental sustainability.

Q: Does Follett have a buy-back program for used textbooks?

A: Yes, Follett offers a buy-back program where students can sell their used textbooks back to Follett at the end of the semester, potentially recouping some of their costs.

Q: What if I can't find the textbook I need on Follett's website?

A: If you cannot find the textbook you need on Follett's website, consider checking other online retailers, local bookstores, or student-run book exchanges for availability.

Q: Can I sell my used textbooks to Follett after I

finish my course?

A: Yes, you can sell your used textbooks to Follett through their buy-back program, which allows students to sell back books they no longer need.

Q: Are there discounts available for purchasing used textbooks?

A: Follett regularly offers promotions and discounts on used textbooks, particularly during back-to-school seasons, so it is advisable to check for any available deals.

Q: What should I do if the condition of the used textbook is not as described?

A: If the condition of the used textbook does not meet your expectations, you should contact Follett's customer service for assistance with returns or exchanges according to their policy.

follett used textbooks: Books in the Digital Age John B. Thompson, 2013-10-21 The book publishing industry is going through a period of profound and turbulent change brought about in part by the digital revolution. What is the role of the book in an age preoccupied with computers and the internet? How has the book publishing industry been transformed by the economic and technological upheavals of recent years, and how is it likely to change in the future? This is the first major study of the book publishing industry in Britain and the United States for more than two decades. Thompson focuses on academic and higher education publishing and analyses the evolution of these sectors from 1980 to the present. He shows that each sector is characterized by its own distinctive 'logic' or dynamic of change, and that by reconstructing this logic we can understand the problems, challenges and opportunities faced by publishing firms today. He also shows that the digital revolution has had, and continues to have, a profound impact on the book publishing business, although the real impact of this revolution has little to do with the ebook scenarios imagined by many commentators. *Books in the Digital Age* will become a standard work on the publishing industry at the beginning of the 21st century. It will be of great interest to students taking courses in the sociology of culture, media and cultural studies, and publishing. It will also be of great value to professionals in the publishing industry, educators and policy makers, and to anyone interested in books and their future.

follett used textbooks: The Librarian's Legal Companion for Licensing Information Resources and Services Tomas A. Lipinski, 2013 This volume provides guidance on information acquisition, including copyright and contract matters.

follett used textbooks: The Apostolic School That Wasn't... Fr. John A. Doyle, 2020-12-08

The Apostolic School That Wasn't... narrates a gripping account of how a rugged and picturesque 240 acre property in the foothills of the Sierra Nevada slowly transformed into an accredited minor seminary, junior high and high school for boys interested in the Catholic priesthood, then flourished, floundered, and finally shuttered. Situated between the action of God's divine providence and human realities, the narration seeks to give witness to the faith and effort of the many persons involved in the project, while exploring the possible reasons that led to the school's ultimate demise. The narration takes place within the backdrop of the Vatican ordered purification and renewal of the Legionaries of Christ and hopes to offer insights into creating a more stable and flourishing environment for present and future apostolic institutions.

follett used textbooks: 2014-15 CPS Vendor Source Book Herson M. Astorga Jr., Exclusive directory of vendors. Our advertisers come from small to large business from a one man to multiple locations. Our key advertisers - United Radio Communications, Lake-Cook Distributors, Chicago Trolley, Awesome Amusements, Double Tree- Alsip, Silk Screen Express, Schwartz, Kirwin & Fauss, inc., and many more! follett used textbooks: Hoover's Handbook of Private Companies , 1999-03 This guide presents hard-to-locate information about the top private companies in the US. This edition includes basic profiles of the largest 500 non-public enterprises in the US: in-depth profiles of 250 top private companies in the US; and indexes by location, industry and people, and products. Each of the basic profiles contains a brief overview of the company operations, lists of products, key competitors, the

latest sales and employment figures, executives' names, headquarters addresses, and phone and fax numbers.

follett used textbooks: What Works in Teaching and Learning , 1998

follett used textbooks: *I Remember Laurier* Harold Remus, 2011-09-22 *I Remember Laurier* is the story—actually, thirty-seven stories—of the little university that could, told by some of those who devoted themselves to transforming the school from its modest beginnings into a superb small liberal arts college, and in turn to the university whose growth, diversification, research, and partnerships characterize it today. Although the stories are diverse in content, viewpoint, and tone, readers will note a number of unifying themes, one being nostalgia for a small university where faculty, staff, and students were close and new initiatives were readily approved and easily implemented. Here too are reflections, sometimes bemused and sprinkled with humour, on professors, administrators, and students, the “Laurier Experience,” and significant events such as “WLU” becoming “WLU” (Waterloo Lutheran University was renamed Wilfrid Laurier University in 1973). Evident throughout is the pride of the contributors in the development of the university to its current status and in having played a role. In the photo album at the back of the book readers will find vintage prints of the authors and of many others mentioned in the book. More photos will soon be available on the website of the Wilfrid Laurier Retirees’ Association: <http://www.wlu.ca/retirees>.

follett used textbooks: *This Used to Be Chicago* Joni Hirsch Blackman, 2017-09-01 Warning: with *This Used to Be Chicago* as your guide, you may never look at Chicago the same again. Every building has a past — author Joni Hirsch Blackman finds the stories behind more than 90 Chicago buildings that used to be something else: the liquor store that used to be a speakeasy during Prohibition; the yacht club that used to be a ferry boat; the countless condominiums that used to be cracker, shoe, postcard or piano factories and, perhaps the most incongruous, the circus school that used to be a church. Imagine what your favorite buildings will house in another 100 years — that’s this book backwards! Explore your own neighborhood with a new eye, find places you remember from your youth, appreciate a new part of town you’ve considered only as it is now.

follett used textbooks: *Essentials of Publishing Qualitative Research* Mitchell Allen, 2016-07-01 Getting a qualitative article or book published involves more than simply doing the research, writing it up, and sending it off. You also need to know how to navigate the social relations of presenting your work to the journal editor or book publisher—and how to craft your message to them—if you want to be successful. Written by a highly-respected publisher of qualitative research, this brief, practical resource shows you how to identify the right home for your work. It also guides you through the publications process-- from crafting the abstract to writing, production, and marketing--once you’ve found the best publisher. The author -demystifies what publishers and journal editors do, how they make their decisions on qualitative articles, research studies, and methods books;-discusses edited books, how to publish from your dissertation, and when to consider open access and electronic publications; and-includes case studies, appendixes, forms, and resources to help the aspiring academic.

follett used textbooks: *The Noble Legacy* Betty Turner, 2006-02 The incredible story behind the founder of Noble & Noble and cofounder of Barnes & Noble comes to life in this compelling

biography of G. Clifford Noble. From his humble beginnings as a poor country boy to the co-owner of the most prestigious bookstore chain in the country, The Noble Legacy celebrates the life of a true American icon. Already a budding entrepreneur at age twelve, Noble grew up in Massachusetts in the aftermath of the Civil War. Dedicated to his religious faith and driven to succeed, he graduated from Harvard with distinction and moved to New York City in the fall of 1886. His first job as a clerk at a small wholesale and retail bookstore ignited his passion for bookselling. Noble's amazing business sense propelled him to continued success, culminating in the establishment of two premier book companies, Barnes & Noble and Noble & Noble. Noble's granddaughter, Betty Noble Turner, pens a touching tribute to her grandfather and artfully captures his legacy. She also offers a historical dissertation on the origin and challenges of Noble's two companies, as well as a loving life story about the man himself.
