college textbooks near me: From One Man's Heart Jim Womack, 2007-12 Pain and Suffering are inevitable, but misery is optional. I once saw this motivational statement on a running shirt. I liked it and subscribed to it during my time as an ultra marathoner. When I reunited with my sweetheart from 1967 and married her in 2005, I began to understand that phrase in a new and challenging way. Harriette Burnette and I met and enjoyed a love affair in the summer of 1967. We lost touch and lived separate lives for thirty-eight years. During that time we lived very different and challenging lives. She suffered through a series of painful family and personal losses while raising two children on her own. I fought battles with depression, alcoholism, and professional dissatisfaction. Ultimately, after thirty-two years, my marriage ended in a divorce as well. During our separate, but incredibly similar experiences in life, we each held the belief that life still had something special in store for us. In 2005, through a series of unusual events, I made contact with Harriette after a thirty-eight year hiatus. Our subsequent reunion, courtship, and marriage made us believe that a power greater than ourselves worked in our lives to fill our needs and work miracles for us. Little did we know that, when we said, I do on that cold day in 2005, we were about to hop on one of life's most frantic, harrowing, and unimaginable rides. We both discovered the true meaning of pain as well as suffering and learned how our reactions to life's challenges can forever change lives. We took the pain and suffering, but we decided that misery just could not be an option. Jim Womack is a native of Botetourt County, Virginia and a graduate of Virginia Tech, where he studied Civil War History under the noted historian Dr. James I Robertson. Jim taught history at James River High School in Botetourt County for twenty-eight years before retiring in 2003. From 2000 until 2005, he trained for and ran many ultra marathons in central Virginia and elsewhere as well as traveled and backpacked around the western United States. In 2005, he reunited with his sweetheart from 1967 and entered a new and wonderful life with his new bride, Harriette. Shortly afterward, he learned that he had cancer and that his life would drastically change. Together, Jim and Harriette enjoy the providential love which they have found and continue to work together to build a special home for themselves and their families. As more and more people heard their remarkable story of love lost and love regained, Jim decided to write down their story and share

their marvelous journey as a tribute to their individual and collective triumphs over disease and disappointment. In addition to *From One Man's Heart*, Jim also published a collection of student bloopers entitled *When Misquotes Bit You*. He is in the process of writing short stories about his youth in Botetourt County, his outdoor experiences, and his new life in Northern Virginia with Harriette. He plans to release one new volume each year.

college textbooks near me: Textbooks in American Society Philip G. Altbach, Gail P. Kelly, Hugh G. Petrie, Lois Weis, 1991-09-27 In recent years, textbooks have been widely criticized for low standards, lack of imaginativeness, and insensitivity to racial and gender issues. Increasingly, they are cited as another weak link in American public education. This book goes beyond the headlines to examine how textbooks are produced, how they are selected, and what pressures are placed on textbook authors and publishers. The book focuses on the relationship of the textbook to the educational system and includes important issues such as the politics of textbook policy, the determinants of textbook content, the role of textbooks in educational reform, and the process of selection at the state level. The authors offer current research on textbook policy including perspectives from those directly involved with textbooks—from several thoughtful analyses by textbook editors and publishers to the views of California's Superintendent of Public Instruction.

college textbooks near me: *Untold Narratives* Shawn Anthony Robinson, 2018-02-01 This edited book reflects a much needed area of scholarship as the voices of African American (AA) or Black students defined by various labels such as learning disability, blindness/visual impairment, cognitive development, speech or language impairment, and hearing impairment are rare within the scholarly literature. Students tagged with those identifiers within the Pk-20 academic system have not only been ignored, and discounted, but have also had their learning framed from a deficit perspective rather than a strength-based perspective. Moreover, it was uncommon to hear first person narratives about how AA students have understood their positions within the general education and special education systems. Therefore, with a pervasive lack of knowledge when it comes to understanding the experiences of AA with disabilities, this book describes personal experiences, and challenges the idea that AA students with disabilities are substandard. While this book will emphasize successful narratives, it will also provide counter-narratives to demystify the myth that those with disabilities cannot succeed or obtain terminal degrees. Overall, this edited book is a much needed contribution to the scholarly literature and may help teachers across a wide array of academic disciplines in meeting the academic and social needs of AA students with disabilities. ENDORSEMENTS: Dr. Shawn Robinson's collection of personal narratives raises critical questions about the U. S. public education system. Written by African Americans compartmentalized in special education programs because of actual or perceived disabilities, these stories will impel readers even tangentially affiliated with educational institutions to consider testing, placement, mainstreaming, retention and promotion, and other assessment policies that determine grade-level readiness. Thanks to Robinson, the perspectives of these graduates who surmounted barriers to more positive and accommodating learning environments now receive proper attention. ~ John Pruitt, University of Wisconsin-Rock County With a bold vision, Dr. Shawn Anthony Robinson enters the discussion of Special Education with a collection of narratives that highlight the struggles and triumphs of marginalized students. In America, we have a long, contested history of "inclusion" of students of color and difference in our public, mainstream institutions. When these students are invited to the

education table, they still must overcome persistent and pernicious barriers to true and equal educational opportunities. Consequently, students are left to “sink or swim” in oceans disparity and inequity. This collection of narratives and counter-narratives, confront the absence of adequate research and other empirical evidence of pedagogy and practice that would be essential to 21st Century progress in educational praxis. This volume represents one, important step towards adding new voices to the continuing struggle of meaningful inclusion. How might students of color and difference succeed in an education system that provides “no room to bloom? The authors address this challenge by exploring topics such as Aspirational Capital, Linguistic Capital, Familial Capital, Social Capital, Navigational Capital and Resistance Capital. The reader will be exposed to ideas that will help students “make a way out of no way” by working both within and against educational systems full of barriers and opportunities. Congratulations to Dr. Robinson and his colleagues as the content of this volume represents an important contribution to the extant literature. ~ Gregory A. Diggs , Denver, Colorado

college textbooks near me: One Student At A Time Ken Rand, 2021-06-03 One Student at a Time is a memoir of my extraordinary teaching career including some of my incredible and memorable life experiences. My adventures in teaching and life are a roller-coaster ride of failures, successes, frustrations, and pure joy. The purpose of this book is to take the reader with me on my

forty-seven-year journey in and out of the classroom, from inner-city New York to the Bay Area, California, and from junior high school all the way up to a four-year university and everything in between. Those who have experienced the wonders of teaching will be able to relate to the ups and downs inherent in being a successful teacher at an inner-city school. Those who have never had this opportunity will be amazed by these life-changing moments. There are numerous compelling and captivating stories including my first day in front of a classroom which may have you rolling on the floor with laughter and my witnessing of a classroom miracle which reshapes the life of Michael, a seventh-grade student, forever. Have a tissue ready. You will also read about Jacque Dawes, the toughest kid in the school, who undergoes a 180-degree transformation only to have a devastating ending. Then there's Dorothy whose own tragic past keeps her from becoming the student she is meant to be. There are also the heartwarming and inspiring stories about Dirk and Patricia who, against all odds, overcame their fears and setbacks and found a way to fulfill their dreams. And get ready to laugh out loud while reading about my appearance on the Wheel of Fortune, where I tell an outrageous lie in order to get on the TV show and then I go on to win three consecutive airings. As a writer and a storyteller, I want my readers to feel the raw emotions that I felt when these stories happened. Here are some of the responses that I received by those who have already read my book: I felt as if I was not reading a book but that you were talking directly to me and You found a way to make me feel as if I was in the classroom with you. I hope you enjoy the ride.

college textbooks near me: Confessions of a Catholic Schoolboy Joe Farrell, 2009-12-03 A smorgasbord of entertainment and lessons awaits readers as author Joe Farrell releases through Xlibris a unique memoir. *Confessions of a Catholic Schoolboy: Jesus Runs Away and Other Stories* chronicles his journey as a student who enjoys a carefree life amid schools of rigid discipline and stern religious training. In the early sixties, being in a Catholic school means being compelled to always abide by the rules: pray earnestly when told to do so, study the lessons to answer questions correctly, a “yes” or “no” answer should always be followed by “Sister”, and never ever do anything that would upset or make the teachers mad. Through vivid narration, *Confessions of a Catholic Schoolboy* unveils the funny side that lurks behind the austere façade of Catholic Schools. It follows the author as he finds himself caught up in different mischief during grade school and to even more grave misbehaviors—including a police arrest—during high school and college. A baby boomer, Farrell’s life is one that is carved by the tumult of the fifties and sixties and the social and personal dramas that come along with it. His is an interesting wave of colors brightened by adventure, discipline, lessons learned, friendship, and love. Providing a good glimpse into the life of pure Catholic training, *Confessions of a Catholic Schoolboy: Jesus Runs Away and Other Stories* is a witty revelation of a schoolboy’s shenanigans and the ultimate inspiration one can get from them. This memoir of growing up in the 60’s is full of Farrell’s wit, humor, and irreverence yet it’s a touching and poignant story. A fun and enjoyable read.

college textbooks near me: Profile of a Religious Man Edwin Zackrison, 2020-11-11 This book is a “journey book.” Sitting down at a computer and producing the story has been a grand trek. I have learned that there is a principle in nature that some things need to mellow, calm down, and soak in. The refusal of winemakers to take a wine before its time is a notion I am coming to

understand. It works with writers as well. Like a fetus signaling its mother that it is time to head for the hospital, a literary work stays in the mind until its time. In my education, I have read of the battles of great Church leaders who were eventually thrown out of their churches. In my denominational education, I was largely led to see them as heretics, rebels, eccentrics, revolutionaries, apostates, and as generally representing a lower form of spirituality. Church education often asked me to surrender my biases in favor of accepting a new set of assumptions—my denominational ones. We were to be critical of everything except our organization. I submit that there is danger in that. This book will cover incidents from the first forty years of my life as a religious addict. You may find something here that you can identify with.
