Yet many students find it difficult to make the leap from theory to practice completely unaided. The Public Administration Workbook, 8e is specifically designed with the theoretically-grounded, practice-minded student in mind. Each chapter begins with a discussion of relevant concepts and scholarship before moving into a hands-on exercise analyzing core analytical and management challenges. This edition includes an all-new exercise on contract negotiation, many international examples interwoven throughout the book, and a fully updated HRM section to reflect alternative ranking and compensation systems. Each chapter is further supported by a detailed Instructor's Manual written by the author to guide instructors on solutions, explanations, and ideas for using or modifying the exercises to fit a variety of course needs, as well as downloadable datasets and exercises, providing students with a unique opportunity to apply and test classroom concepts outside of the job.
