healing workbooks: Trauma and the 12 Steps--The Workbook Jamie Marich, PhD, Stephen Dansiger, PsyD, MFT, 2023-08-29 Your definitive trauma-sensitive guide to working the Steps: skills for understanding your addiction, processing your trauma, and navigating your recovery journey—the anticipated companion to Trauma and the 12 Steps. This addiction recovery workbook from clinicians Jamie Marich, PhD, and Stephen Dansiger offers skills to prevent relapse, enhance recovery, and understand how trauma impacts alcoholism, drug dependency, and even other types of addictions. Working the Steps for the first time can feel scary and unfamiliar—and depending upon the experiences you’ve had at AA or NA, you may question whether the 12 Steps are right for you. Here, Marich and Dansiger help you get to the root of your addiction while offering skills and exercises for an inclusive recovery program. Unlike some 12-Step programs, this workbook is open to all—regardless of your background, history, identity, or spiritual beliefs. It also recognizes that for most of us on recovery or sobriety journeys, each Step isn’t made to be worked through only once: this workbook is designed to support your individual needs, whether that’s practicing one step on a day-to-day basis, revisiting another at different times throughout your recovery process, or using the exercises as part of a yearly check-in. The workbook begins with a self-care inventory, then moves through each of the 12 steps with prompts, meditations, journaling reflections, and body-based exercises. The authors also offer coping skills and an open-minded approach that acknowledges that your recovery is as unique as you are: one-size-fits-all doesn’t apply. Compassionate, trauma-responsive, and grounded in the latest behavioral and neuroscience research, this workbook is your go-to addiction recovery toolkit.

healing workbooks: The Good Book - Big Book Guide Book Dick B., 2011-07-26 You don't need to leave A.A. or any other 12 Step program or even a treatment program just because you are a Christian. Nor do you need to flee to an exclusively Christian Fellowship, Christian Treatment Program, or Christian-Track Program just to believe or profess your beliefs in connection with your own recovery. You're the boss. You need all the help you can get. We've long needed a guide that will use history to help you in your recovery--whatever your choice of fellowships, groups, recovery programs, or treatment programs. The original Akron A.A. Christian fellowship--with its emphasis on reliance on the Creator of the heavens and the earth, acceptance of Jesus Christ as Lord and Savior, Bible study, prayer, guidance, fellowship, and witness--is nothing to be buried, to be hushed up, or to be afraid of mentioning. It's a part of recovery history--the most important part, the part that set A.A. apart in the 1930's as a cure for the medically-incurable, an alternative to medicine, hospitalization,

and clergy-dominated ideas. It embraced them all, but stood for the importance of a Society that took these ideas and let drunks be the message carriers. You can do this too and probably better if you know your history. Include this guide book in your reading. Include it in your recovery. Include it in your fellowship or group. Include it with any other recovery program: secular, Christian, or rational. It's history. It tells you what worked. It tells you how you can choose to use it today if you wish. It will help you understand words and phrases and ideas that came from historical roots. And it doesn't bash other ideas or fellowships. It seeks to inform all and urge them to include history in their curriculum. This is a guide to history that has not been available before. It's a guide that will supplement and not replace. It's a guide for you
