- Understanding NISM Certification
- The Structure of NISM Certification Exams
- Importance of NISM Certification Exam Workbooks
- Choosing the Right NISM Certification Exam Workbook
- Effective Study Techniques Using Workbooks
- Additional Resources for Exam Preparation
- Conclusion

Understanding NISM Certification

The National Institute of Securities Markets (NISM) is an educational initiative established by the Securities and Exchange Board of India (SEBI). It aims to promote securities markets education and capacity building. NISM offers various certification programs that are essential for professionals in the financial services industry, including investment advisors, research analysts, and portfolio managers. Obtaining a NISM certification is often a mandatory requirement for many roles within the securities market.

NISM certifications provide credibility and recognition in the financial sector, enhancing career prospects and professional development. The certifications cover various topics such as mutual funds, equity derivatives, and investment advisory, ensuring that candidates are well-versed in the field. Furthermore, these certifications help maintain the integrity and professionalism of the securities markets, benefiting both professionals and investors alike.

The Structure of NISM Certification Exams

NISM certification exams are designed to assess the knowledge and understanding of candidates in various domains of the securities market. Each examination has specific eligibility criteria, exam patterns, and syllabus content. Typically, the exams consist of multiple-choice questions (MCQs) that test theoretical knowledge and practical application in real-world scenarios.

Exam Format

The NISM certification exams usually follow a standardized format. The key components include:

- Duration of the exam: Generally ranges from 120 to 180 minutes.
- Total number of questions: Typically between 50 to 100 questions, depending on the specific certification.
- Scoring: Each correct answer is awarded one mark, with no negative marking for incorrect answers.
- Passing score: Candidates usually need to achieve a minimum score of 60% to pass.

Syllabus Overview

The syllabus for NISM certification exams is extensive and covers fundamental concepts, regulatory frameworks, and practical applications. Key topics may include:

- Market structure and participants
- Investment products and their features
- Risk management strategies
- Regulatory environment
- Financial planning and advisory services

Importance of NISM Certification Exam Workbooks

NISM certification exam workbooks are invaluable tools for candidates preparing for their exams. These workbooks typically include a variety of resources that cater to different learning styles, helping candidates to grasp complex concepts more easily. The primary benefits of using these workbooks include:

Structured Learning

Workbooks provide a structured approach to studying, breaking down the syllabus into manageable sections. This organization allows candidates to focus on one topic at a time, progressively building their knowledge base.

Practice Questions

Most workbooks contain practice questions that mirror the style and format of the actual exam. These questions help candidates familiarize themselves with the exam structure and identify areas where they may need further study.

Detailed Explanations

In addition to practice questions, quality workbooks often include detailed explanations of answers, which can enhance understanding and retention of information. This feature is particularly helpful for complex topics that require deeper comprehension.

Choosing the Right NISM Certification Exam Workbook

Selecting the right NISM certification exam workbook is crucial for effective preparation. Here are some factors to consider when making your choice:

Content Relevance

Ensure that the workbook covers the specific syllabus and topics outlined for the certification exam you are preparing for. Some workbooks may focus on general concepts while others provide in-depth coverage of specific areas.

Author Credentials

Consider the authorship of the workbook. Books written by industry experts or

educators with experience in securities markets will likely provide more reliable and insightful content.

Reviews and Recommendations

Look for reviews and recommendations from previous candidates who have used the workbook successfully. This feedback can offer insights into the effectiveness and comprehensiveness of the material provided.

Effective Study Techniques Using Workbooks

Using NISM certification exam workbooks effectively requires strategic study techniques. Here are some methods to maximize your preparation:

Create a Study Schedule

Developing a study schedule is essential to ensure you cover all topics systematically. Allocate specific time blocks for each section of the workbook and stick to this schedule to maintain consistency.

Practice Regularly

Regular practice using the workbook's questions can significantly enhance retention and recall. Aim to complete a set number of practice questions each day, gradually increasing the difficulty level as you progress.

Review and Revise

Incorporate regular review sessions into your study plan. Revisiting previously studied topics and practice questions will reinforce your understanding and help identify any weak areas that require additional focus.

Additional Resources for Exam Preparation

In addition to workbooks, there are various other resources available to aid in NISM certification exam preparation. Consider the following:

- Online courses and webinars that provide interactive learning experiences.
- Study groups or forums where you can discuss topics with peers.

- Official NISM publications and guidelines for the latest updates on exams.
- Mobile apps that offer quick quizzes and flashcards for on-the-go study.

Conclusion

NISM certification exam workbooks play a critical role in preparing candidates for success in their certification exams. With structured content, practice questions, and detailed explanations, these resources significantly enhance the learning experience. By selecting the right workbook and employing effective study techniques, candidates can approach their exams with confidence. Additionally, leveraging other study resources can further bolster preparation efforts. As you embark on your journey toward NISM certification, remember that diligent study and comprehensive preparation are key to achieving your professional goals.

Q: What is the purpose of the NISM certification exam?

A: The NISM certification exam is designed to assess the knowledge and skills of professionals in the securities market, ensuring they are competent and knowledgeable in various financial products and regulations.

Q: How can NISM certification benefit my career?

A: Obtaining NISM certification can enhance your credibility in the financial services industry, open up career opportunities, and ensure compliance with regulatory requirements for various roles.

Q: Are there specific study materials recommended for NISM certification exams?

A: Yes, it is advisable to use NISM certification exam workbooks, official study guides, and online courses that cover the exam syllabus comprehensively.

Q: What are the common topics covered in NISM certification exams?

A: Common topics include market structure, financial products, risk management, regulatory frameworks, and investment advisory practices.

Q: How often are NISM certification exams conducted?

A: NISM certification exams are conducted throughout the year. Candidates can register for exams at their convenience, subject to availability.

Q: Is there a passing score for the NISM certification exam?

A: Yes, candidates typically need to achieve a minimum score of 60% to pass the NISM certification exam.

Q: Can I retake the NISM certification exam if I fail?

A: Yes, candidates can retake the NISM certification exam if they do not pass on their first attempt. There is usually no limit to the number of attempts, but candidates should prepare adequately before retaking.

Q: How do I choose the right NISM certification exam workbook?

A: When choosing a workbook, consider factors such as content relevance, author credentials, and reviews from previous users to ensure it aligns with your study needs.

Q: What study techniques are recommended for using workbooks effectively?

A: Recommended techniques include creating a study schedule, practicing regularly, and incorporating review sessions to reinforce learning and identify weak areas.

Q: Are there other resources besides workbooks for NISM exam preparation?

A: Yes, other resources include online courses, study groups, mobile apps, and official NISM publications that provide comprehensive exam preparation support.

nism certification exam workbooks: NISM X Taxmann's Interest Rate Derivatives - Comprehensive Workbook on India's Exchange-Traded IRDs—Covering Fundamentals | Strategies | Compliance—for Market Professionals | Finance Enthusiasts NISM (An Educational Initiative of SEBI), 2025-05-15 Interest Rate Derivatives is a comprehensive reference developed by the National Institute of Securities Markets (NISM) to empower aspiring and existing professionals with a robust understanding of India's exchange-traded interest rate derivatives market. This workbook covers everything from the core concepts of fixed-income securities and interest rates to derivatives fundamentals, trading mechanisms, and regulatory Compliance, making it a one-stop guide for readers. This book is intended for the following audience: • Approved Users & Sales Personnel – Individuals working or intending to work in the currency derivatives segment of recognised stock exchanges, specifically dealing in interest rate futures and options • Market Intermediaries & Compliance Officers – Professionals in brokerages, financial institutions, or advisory firms who need to keep pace with the latest regulatory and operational guidelines of the exchange-traded interest rate derivatives market • Students & Job Aspirants – Those looking to build or enhance their career in securities markets, seeking formal certification, and acquiring a rigorous understanding of interest rate products • Traders, Analysts & Finance Enthusiasts – Anyone passionate about trading strategies, risk management, and deep-diving into how interest rate derivatives work within the broader Indian financial market The Present Publication is the March 2025 Workbook Version, developed in collaboration with the Certification Team of NISM and Mr

A.C. Reddi & Mr Sunil M. Gawde. It is published exclusively by Taxmann, with the following noteworthy features:

- [Aligned to NISM-Series-IV Exam Objectives] Thoroughly addresses the syllabus mandated for the NISM-Series-IV: Interest Rate Derivatives Certification Examination, ensuring learners are well-prepared
- [Comprehensive Coverage of IRD Landscape] Spans the fundamentals of fixed income securities, various interest rate derivative products (futures & options), trading, clearing, settlement, and risk management mechanisms
- [Step-by-step Approach] Breaks down complex topics like pricing, payoff diagrams, and hedging strategies into structured modules, supplemented with charts, examples, and market scenarios
- [Regulatory & Operational Insights] Highlights essential SEBI, RBI, and NISM guidelines governing exchange-traded interest rate derivatives, equipping readers with practical compliance knowledge
- [Practical Application & Illustrations] Features illustrations, sample questions, and practical case scenarios that mirror actual market conditions and day-to-day trading experiences
- [Focus on Risk Management & Investor Protection] Discusses the role of margins, settlement cycles, and grievance redressal mechanisms to ensure participants trade responsibly and safeguard investor interests

The coverage of the book is as follows:

- Introduction to Interest Rate & Fixed Income Markets
 - o Basics of interest rates, term structure, risk-free benchmarks, and features of fixed-income securities
 - o Differences between equity and debt securities, overview of India's primary and secondary debt markets
- Interest Rate Derivatives
 - o Definition, economic role, and types of derivatives (futures, forwards, options, and swaps)
 - o Growth drivers, market participants, and comparison between OTC and exchange-traded contracts
- Exchange-traded Interest Rate Futures
 - o Contract specifications, payoff charts, pricing mechanisms, and trading rationale
 - o Advantages, limitations, and practical applications of futures for hedging, arbitrage, and speculation
- Exchange-traded Interest Rate Options
 - o Basics of option—calls, puts, styles (European, American), moneyness, and option Greeks
 - o Option pricing, implied volatility, payoff diagrams, and contract features in Indian exchanges
- Strategies Using Exchange-traded IRD
 - o Hedging interest rate exposure, trading strategies for speculation, arbitrage opportunities, and spread trading
 - o Practical insights and limitations to ensure effective decision-making
- Trading Mechanism & Market Structure
 - o Order types, order matching, circuit filters, and trading costs in interest rate derivatives on Indian exchanges
 - o Best practices in order management and routing systems
- Clearing, Settlement & Risk Management
 - o Detailed overview of clearing entities, margining systems, position limits, funds settlement, and physical delivery
 - o Risk management frameworks, margin collection processes, and the significance of settlement guarantee funds
- Regulatory Framework
 - o Key laws governing IRD, such as SC(R)A, RBI-SEBI circulars, exchange regulations, and membership criteria
 - o Participation norms for various entities and the role of FIMMDA in India's derivatives ecosystem
- Accounting & Taxation
 - o Accounting guidelines and disclosures for interest rate derivatives
 - o Tax treatment of derivatives transactions under Indian tax laws
- Code of Conduct & Investor Protection
 - o SEBI's Code of Conduct for brokers, investor grievance redressal mechanisms, and the significance of KYC and risk disclosures
 - o Emphasises legal and ethical aspects, making compliance a central focus

The structure of the book is as follows:

- Chapter-based Format - Ten carefully arranged chapters, each covering a core aspect of interest rate derivatives
- Conceptual Breakdowns & Summaries - Every chapter concludes with key takeaways and concise summaries for quick revision
- Examples & Sample Questions - Interspersed throughout to reinforce learning and mirror the type of questions faced in the actual certification exam
- Practical Caselets & Exercises - Provide hands-on practice in calculating yields, margins, and settlements, bridging theory with practical application
- Regulatory Extracts & References - Cites important sections from SEBI regulations, RBI guidelines, and relevant statutes for easy reference

nism certification exam workbooks: NISM X Taxmann's Alternative Investment Funds (Category III) Distributors - Covering Regulations | Strategies | Distributor Roles—Essential for Advancement in Alternative Investments

NISM (An Educational Initiative of SEBI), 2025-08-18 Alternative Investment Funds (Category III) Distributors is the definitive guide for understanding the intricate world of Category III AIFs in India. Developed by the National

Institute of Securities Markets (NISM), this workbook comprehensively covers all facets of Category III AIFs. With a strong emphasis on regulatory clarity, market practices, investment strategies, performance assessment, and distributor responsibilities, it is designed to elevate both foundational knowledge and practical expertise. Authored and reviewed by industry leaders and academic experts, this workbook stands as the gold standard for education and certification in the alternative investments domain. This book is intended for the following audience:

- **Distributors & Placement Agents** – Current and aspiring professionals involved in the distribution or placement of Category III AIFs, seeking certification and an in-depth understanding of the product landscape
- **Wealth Managers & Investment Advisors** – Those advising high-net-worth and institutional clients on alternative investments, hedge funds, and complex investment vehicles
- **Compliance Officers & Fund Operations Executives** – Professionals responsible for ensuring regulatory adherence and operational due diligence in AIF management
- **Finance Students & Market Entrants** – Individuals aiming to build careers in financial markets, investment management, or fund advisory roles, and seeking to demonstrate verified expertise through NISM certification
- **AIF Ecosystem Stakeholders** – Fund sponsors, investment managers, consultants, and policy makers who require comprehensive reference material on Category III AIFs

The Present Publication is the June 2025 Workbook Version, developed in collaboration with the Certification Team of NISM and Mr Archit Lohia, Mr Pratap Giri, and reviewed by Mr Biharilal Deora. It is published exclusively by Taxmann, with the following noteworthy features:

- **[Exhaustive Syllabus Coverage]** Precisely aligned with the NISM-Series-XIX-B examination curriculum, ensuring targeted and complete preparation
- **[Authoritative and Industry-reviewed Content]** Developed by a distinguished team of market experts, ensuring depth, accuracy, and relevance
- **[Case Studies and Practical Scenarios]** Rich selection of sample caselets, multiple-choice questions, and computational exercises to hone practical skills
- **[Lucid Explanations & Stepwise Learning]** Clear, concise, and methodical explanations promote easy understanding for learners at all levels
- **[Up-to-date Regulatory Guidance]** Covers all relevant SEBI, FEMA, and taxation regulations as well as global standards governing Category III AIFs
- **[Practical Utility]** Includes practical forms, templates, and spreadsheet practice modules, preparing candidates for both examination and professional application
- **[Focus on Good Practices]** Dedicated section on ethical conduct, client confidentiality, and distributor best practices
- **[Certification Significance]** Successful completion of this examination signals high professional standards, enhances credibility, and opens new avenues in the alternative investments and fund distribution sector
- **[Institutional Authority]** As a SEBI-mandated body, NISM's certifications are the benchmark for financial market expertise and are recognised by employers and regulators across the industry
- **[Career Advancement]** Equips candidates with both theoretical mastery and practical skills essential for a dynamic, rapidly evolving segment of the securities market

The workbook provides in-depth coverage of the following:

- **Alternative Investment Landscape**
 - o Introduction to alternative investments, their evolution, and their role in diversified portfolios
- **Growth and Suitability of Category III AIFs**
 - o Evolution, types, comparative analysis, and suitability of Category III AIFs in the Indian context
- **Detailed AIF Ecosystem**
 - o Comprehensive review of the roles, characteristics, and operational dynamics of Category III AIFs versus traditional funds and global hedge funds
- **Fund Structures & Service Providers**
 - o Examination of fund set-ups, regulatory roles, and interactions among all key participants
- **Regulatory Framework**
 - o Exhaustive treatment of SEBI (AIF) Regulations, registration requirements, investor protection, compliance, and anti-money laundering
- **Fees, Performance & Benchmarking**
 - o Analysis of fee models, performance metrics, and industry benchmarking methodologies
- **Investment Strategies & Due Diligence**
 - o Study of advanced investment approaches—equity, macro, arbitrage, event-driven—and rigorous due diligence processes
- **Valuation & NAV Computation**
 - o Methodologies for valuing assets, NAV calculation, and the use of third-party registered valuers
- **Taxation**
 - o Comparative tax regimes, GST implications, and detailed taxation rules for Category III AIFs and their investors, including IFSC-specific provisions
- **Distributor Responsibilities & Best Practices**
 - o Fund marketing, code of conduct, data privacy, client servicing, and the significance of insurance

The content is systematically organised

into ten focused chapters, each mapped to the examination syllabus with clear weightages for strategic study. Each chapter features: • Learning Objectives – Clearly stated at the beginning for outcome-oriented study • Conceptual Clarity – Explanations reinforced with real-world examples and illustrations • Sample Assessments – End-of-chapter practice questions and caselets mirror actual exam patterns • Reference Resources – Includes key forms, templates, and spreadsheet computation tips • Additionally, a dedicated syllabus outline and assessment scheme guide candidates in prioritising their efforts for examination success

nism certification exam workbooks: *NISM X Taxmann's Alternative Investment Funds (Category I and II) Distributors – Equips Professionals & Aspirants with Up-to-date Knowledge | Regulatory Insights | Practical Skills* NISM (An Educational Initiative of SEBI), 2025-08-14

Alternative Investment Funds (Category I and II) Distributors is tailored specifically for distributors and placement agents dealing with AIFs in India. Developed by the National Institute of Securities Markets (NISM), this Edition consolidates the latest regulations, concepts, processes, and compliance essentials, enabling readers to gain a comprehensive, practical, and examination-oriented understanding of the alternative investments landscape. Backed by subject matter experts and leading industry bodies, this workbook serves as both a study guide and a reference tool for aspiring and practising professionals in the alternative investment space. This book is intended for the following audience: • Distributors & Placement Agents – Individuals seeking to qualify as certified distributors or placement agents for Category I & II AIFs • Financial Advisors & Wealth Managers – Professionals advising on or distributing alternative investment products • AIF Sponsors, Fund Managers, and Compliance Officers – Stakeholders requiring clarity on industry operations, governance, and compliance • Students & Aspirants – Those targeting a structured career path in securities markets and alternative assets • Legal & Regulatory Professionals – For up-to-date reference on AIF regulatory, documentation, and taxation frameworks • Institutional Investors, Private Equity & Venture Capital Professionals – For understanding due diligence, fund structuring, and exit mechanisms

The Present Publication is the June 2025 Workbook Version, developed in collaboration with the Certification Team of NISM and Mr Pratap Giri, Mr Archit Lohia, and Mr Biharilal Deora. It is published exclusively by Taxmann, with the following noteworthy features: • [Examination-oriented Content] Fully aligned with the NISM-Series-XIX-A syllabus and examination structure • [Lucid, Structured Learning] Complex topics explained in simple, logical steps for easy grasp and retention • [Updated as per Latest Regulations] Incorporates the most recent SEBI, FEMA, and taxation rules relevant to AIFs • [Case-based Approach] Includes sample caselets, MCQs, templates, and worked examples for hands-on practice • [Expert Input] Reviewed by industry professionals, fund managers, and leading alternative asset experts • [Comprehensive Coverage] Spans the entire life cycle of Category I & II AIFs—from structuring and due diligence to monitoring, valuation, exit, and best practices • [Practical Reference] Ready reckoner for distribution processes, investor services, documentation, and governance • [Practical Orientation] Emphasises practical skills such as using Excel/OpenOffice for computations and case analysis • [Official Resource] Endorsed by NISM and recognised by SEBI, making it the trusted study material for all candidates • [Contribution by Experts] Developed and reviewed with inputs from leading practitioners and the Indian Private Equity & Venture Capital Association (IVCA) • [Career Enablement] Serves as a reference for professionals and aspirants building careers in alternative investments and distribution

The workbook comprehensively covers: • Fundamentals of Alternative Investments o Introduction to alternative asset classes, role in portfolio management, and the evolution of AIFs in India • Regulatory Framework o Detailed overview of SEBI (AIF) Regulations 2012, FEMA provisions, and Indian legal context • Industry Concepts o In-depth explanations of the private capital ecosystem, capital commitment, due diligence, preferred returns, co-investments, and ESG • AIF Structuring o Principles of fund pooling, structuring templates, and anatomy of AIF constitutions • Risk & Return Analysis o Fund and investor perspectives on risk, primary return metrics, and the 'J Curve' • Investment Process & Governance o From deal sourcing and due diligence to investor protection rights and compliance • Fund Due Diligence o Fund selection,

benchmarking, evaluating fund managers, and distributor sales strategy • Legal Documentation o All essential agreements, term sheets, investor charters, and documentation templates • Monitoring, Reporting & Exit o Performance monitoring, reporting standards, secondary exits, and winding-up procedures • Valuation o Methods for fixed income and equity, business valuation, regulatory approaches, and the role of valuers • Taxation o Framework for AIF and investor taxation, domestic and international aspects, and anti-avoidance rules • Good Practices o Distribution agreements, preparation of pitch, confidentiality, conflict of interest management, and professional conduct The workbook is organised into 13 chapters, each aligned to the NISM exam weightage and designed to build conceptual understanding and operational expertise progressively. • Introductory Chapters - Overview of Alternative Investments; Alternative Investment Funds in India • Core Chapters - Industry Concepts; Regulatory Framework; Structuring; Risk & Return; Investment Process & Governance; Fund Due Diligence; Legal Documentation & Negotiation; Fund Monitoring, Reporting & Exit; Valuation; Taxation • Practical & Operational Chapters - Sales strategy formulation, fund benchmarking, compliance reporting, client confidentiality, and best practice guidelines • Appendices & Resources - Templates, case studies, practical checklists, and further reading materials • Each chapter contains learning objectives, practical scenarios, regulatory extracts, and assessment questions to reinforce knowledge and practical skills

This book is intended for the following audience: • Aspiring & Existing AIF Managers - Individuals responsible for structuring AIFs, designing investment strategies, and managing day-to-day operations • Investment Teams & Service Providers - Professionals such as analysts, fund administrators, custodians, valuers, and compliance officers requiring comprehensive AIF insights • Students & Job Aspirants - Those looking to enter or advance in the securities markets, seeking formal certification and a thorough grounding in AIF products • Financial Intermediaries & Advisors - Market participants, consultants, and advisors aiming to stay updated on AIF regulations and best practices • Finance Enthusiasts & Policy Makers - Anyone passionate about understanding the strategic, operational, and regulatory underpinnings of alternative investments in India The Present Publication is the March 2025 Workbook Version. It is developed in collaboration with the Certification Team of NISM, Archit Lohia, Pratap Giri and Dr Rachana Baid and reviewed by Biharlal Deora and Taxmann's Editorial Board. NISM. It is published exclusively by Taxmann, with the following noteworthy features: • [Comprehensive Coverage of the AIF Ecosystem] Spans from basic investment concepts, portfolio theories, and global best practices to the specific categories and structuring of AIFs in India • [Regulatory & Governance Insights] Incorporates SEBI (AIF) Regulations, FEMA, PMLA, SEBI (PIT) Regulations, and more, ensuring professionals are well-equipped for compliance • [Structured Approach to Fund Management] Discusses fund due diligence, legal documentation, valuation, fund performance measurement, and risk management in a step-by-step manner • [In-depth Taxation Aspects] Explains taxation structures for all categories of AIFs and their investors, complete with examples and practical scenarios • [Practical Illustrations & Examination Readiness] Includes sample case studies, numerical examples, and practice questions resembling the actual certification exam format to reinforce learning The coverage of the book is as follows: • Investment Foundations o Investment Landscape § Basics of investments vs. speculation, objectives, and estimating required rates of return o Traditional vs. Alternative Investments § Features, types, growth drivers, and the role of alternative asset classes in portfolio diversification •

Market Efficiency & Portfolio Theories o Concept of Informational Efficiency § Understanding random walk theory, EMH, and implications for valuation o Modern Portfolio Theory & Capital Market Theory § Portfolio risk/return calculations, efficient frontier, CAPM, and multifactor models • AIF Structures & Suitability o Evolution of AIFs in India § Growth, enabling factors, and market comparison between different AIF categories o AIF Ecosystem § Roles of sponsors, trustees, managers, and other service providers o Fund Structuring § Pooling principles, trust and company structures, and comparative analysis of LLPs vs. corporate vehicles • Fee Structure & Performance o Management Fees & Other Expenses § Hurdle rates, high-water marks, and variations in fee models o Performance & Risk Metrics § Sharpe ratio, drawdown analysis, pre- and post-tax returns, and risk-adjusted measures o Indices & Benchmarking § Construction and usage of indices, stock-bond composite indices, and performance benchmarking for AIFs • Investment Strategies & Governance o Investment Process § Deal sourcing, due diligence, negotiating definitive agreements, co-investments, and best practices o Governance & Conflict Management § SEBI guidelines on governance, code of conduct for managers, and investor protection rights • Valuation & Reporting o Valuation Techniques § Equity, fixed-income, and business valuation approaches, NAV computation, and roles of third-party valuers o Monitoring & Reporting § Regulatory mandates for ongoing disclosures, exit strategies, secondary markets for AIF interests, and winding-up processes • Taxation & Regulatory Framework o Taxation of AIFs & Investors § Category-wise taxation rules, surcharge rates, set-off and carry-forward provisions, and GAAR o SEBI (AIF) Regulations & Related Laws § Eligibility, registration process, compliance obligations, FEMA guidelines, PMLA, and insider trading norms The structure of the book is as follows: • Chapter-based Format – Seventeen meticulously arranged chapters addressing every facet of AIF management, from foundational concepts to advanced regulatory considerations • Conceptual Breakdowns & Summaries – Each chapter concludes with concise summaries and key takeaways, enabling quick revision • Examples & Sample Questions – Interspersed throughout to mirror the type of case-based and multiple-choice questions faced in the actual certification exam • Regulatory Extracts & References – Provides relevant sections and guidelines from SEBI, FEMA, PMLA, and other authorities for easy cross-reference • Practical Caselets & Exercises – Helps readers apply theoretical knowledge to realistic scenarios in valuation, fund structuring, compliance, and day-to-day fund operations

nism certification exam workbooks: NISM X ICAI X Taxmann's Social Impact Assessors - Authoritative Guide for Understanding Social Impact Assessment & Certification—Offering Comprehensive Coverage for Professionals in the SSE Ecosystem

NISM (An Educational Initiative of SEBI), 2025-08-14 Social Impact Assessors Workbook is the definitive resource for individuals aspiring to become certified professionals in Social Impact Assessment, especially in the context of the Social Stock Exchange (SSE) ecosystem. Developed and endorsed by NISM, in collaboration with ICAI and leading industry experts, this comprehensive guide is tailored to support exam candidates and practitioners with the foundational, regulatory, and applied knowledge necessary to assess, report, and assure the impact of social sector initiatives in India. This book is intended for the following audience: • Aspiring Social Impact Assessors seeking official certification to conduct Social Impact Assessments (SIA) and audits, particularly for social enterprises listed on SSEs • Social Auditors and Practitioners who require a structured, regulatory-compliant framework for impact measurement and assurance • Chartered Accountants, Consultants, and Compliance Officers involved in the social sector, ESG, sustainability, and responsible investing • Social Enterprise Founders, NGOs, and Intermediaries looking to understand the requirements for listing and impact reporting on Social Stock Exchanges • Students and Academics specialising in social sector finance, impact investing, or sustainable development • Regulators, Policymakers, and Financial Market Professionals overseeing, governing, or facilitating the integration of the social sector into financial markets The Present Publication is the April 2025 Workbook Version, developed in collaboration with the Certification Team of NISM, Empanelled Resource Persons with NISM, viz., Ms Ananya Prabhavalkar, Ms Bina Joshi and the Institute of Chartered Accountants of India (ICAI), NISM's knowledge partner for the Social Impact Assessor

Certification Examination. It is published exclusively by Taxmann, with the following noteworthy features:

- [Comprehensive Coverage] Spans the entire syllabus for the NISM-Series-XXIII: Social Impact Assessors Certification Examination, integrating theory, regulations, practice, and case studies
- [Exam-oriented Structure] Includes sample MCQs and case-based questions modelled after the actual assessment, with precise mapping to exam objectives and chapter-wise weightages
- [Lucid Explanations] Written in accessible language, with focused content and explanatory notes to aid conceptual clarity
- [Industry-relevant] Developed in consultation with experts, the workbook aligns with the latest SEBI, regulatory, and market developments relevant to social impact assessment
- [Practical Insights] Features practical case studies, model frameworks, and reporting standards to facilitate hands-on learning and application
- [Reference Tools] Provides regulatory extracts, disclosure requirements, sample documentation, and checklists for ready reference
- [Developed by Experts] Jointly prepared by NISM, ICAI, and renowned social impact professionals, ensuring authoritative and updated content
- [Ethical Focus] Embeds professional ethics, code of conduct, and quality standards as key themes for social impact practitioners
- [Career Pathways] Certification opens avenues in social auditing, impact investing, ESG reporting, compliance, and advisory roles in the rapidly growing social finance sector

The workbook comprehensively covers:

- Social Sector Ecosystem o History, taxonomy, and landscape of the Indian social sector; Sustainable Development Goals (SDGs); challenges and opportunities
- Social Stock Exchange (SSE) o Concept, stakeholders, funding mechanisms, and operational guidelines for SSEs
- Listing and Compliance o Step-by-step process for registration and listing on SSEs, with emphasis on rights, obligations, and disclosures
- Logic Models and Impact Frameworks o Logical Framework Analysis (LFA) and its application in social programs, including design, evaluation, and reporting
- Social Impact Assessment (SIA) o Evolution, principles, roles, processes, standards, and quality control in SIA; use of technology and engagement with field-level agencies
- Assessment Techniques and Standards o Various frameworks, guidelines, and tools for effective social impact measurement
- Reporting and Disclosure o Detailed guidance on impact reporting, organisational models, and navigating regulatory requirements (SEBI, ICDR, LODR, etc.)
- Case Studies o In-depth scenarios covering environmental sustainability, healthcare, gender equality, financial inclusion, and affordable housing
- Regulatory and Taxation Aspects o Coverage of SEBI regulations, penalties, and tax incentives (e.g., Sec. 80G, exemptions for social enterprises)

The workbook is organised for optimal exam preparation and practical reference:

- Core Chapters – Eleven chapters systematically cover the entire social impact assessment landscape, from foundational concepts to advanced case applications
- Syllabus Outline & Weightages – Each chapter is mapped to its exam weightage, enabling focused study and efficient revision
- Assessment Aids – Includes sample questions (MCQs and caselets), suggested answers, and practical case studies for hands-on practice
- Reference Materials – Appendices with relevant regulatory texts, reporting templates, and additional resources
- User-friendly Design – Logical progression from fundamentals to advanced topics, supported by tables, charts, and summary points

nism certification exam workbooks: NISM X Taxmann's AML and CFT Provisions in Securities Markets - Comprehensively Covers AML/CFT Concepts in Securities Market—Offering In-depth Analysis of PMLA | SEBI Guidelines | Case Studies

NISM (An Educational Initiative of SEBI), 2025-05-06 AML and CFT Provisions in Securities Markets is an authoritative guide that lays down the foundational and advanced concepts around Anti-Money Laundering (AML) and Combating the Financing of Terrorism (CFT) provisions in the Indian securities market. This workbook facilitates a deep understanding of the prevention of money laundering, regulatory compliance, and the broader legal framework governing securities intermediaries. It is a core study resource for individuals preparing for the NISM Certification Examination on AML and CFT Provisions while acting as a practical reference guide for industry professionals. This book is intended for the following audience:

- Aspiring Professionals and Students – Those seeking to enter the securities market industry and looking to clear the NISM AML-CFT Certification Examination
- Industry Practitioners – Employees of stock exchanges,

brokerages, mutual fund houses, compliance teams, and other financial intermediaries who require an in-depth understanding of AML and CFT guidelines • Compliance and Legal Teams – Legal and compliance personnel responsible for creating, implementing, or auditing AML–CFT policies within their organisations • Academicians and Researchers – Educators and researchers examining the evolving landscape of financial crime prevention and risk management in securities markets

The Present Publication is the January 2025 Workbook Version, developed in collaboration with the Certification Team of NISM and Ms Monica Sachdeva & reviewed by Dr Shreyas Vyas. It is published exclusively by Taxmann, with the following noteworthy features:

- [Official NISM Resource] Authored and reviewed by domain experts, ensuring alignment with the standards and requirements of the NISM certification examination
- [Comprehensive Coverage] Explains key legislation, rules, and guidelines, including the Prevention of Money Laundering Act (PMLA), SEBI regulations, and related case studies
- [Lucid Explanation of Concepts] Simplifies complex statutory provisions, enabling easy comprehension by readers with varying levels of familiarity with financial regulations
- [Practical Guidance] Examples and case discussions illustrate how AML, CFT, and Proliferation Financing (PF) regulations apply in the daily operations of intermediaries
- [Exam-focused Learning] Includes a structured syllabus outline to help readers focus on examination-specific content and prepare strategically

The coverage of the book is as follows:

- Foundational Concepts
 - o Introduces AML, CFT, and Proliferation Financing (PF), their global and Indian initiatives, and the processes of money laundering
- Prevention of Money Laundering Act (PMLA)
 - o In-depth exploration of the Act's provisions, reporting obligations, and the roles of regulatory authorities such as FIU-IND and SEBI
- Maintenance of Records Rules
 - o Detailed discussion on the Prevention of Money-laundering (Maintenance of Records) Rules 2005, covering the record-keeping process and digital KYC norms
- Scheduled Offences
 - o Examination of relevant offences under various laws, including the SEBI Act and the Companies Act, highlighting how they relate to AML/CFT
- Guidelines & Regulatory Framework
 - o Anti-Money Laundering (AML) and CFT Standards
 - o Combating the Financing of Terrorism (CFT) and Proliferation Financing (PF)
 - o SEBI Guidelines – A comprehensive look at SEBI's frameworks for AML–CFT compliance, written AML procedures, and operational guidelines for intermediaries
- Know Your Client (KYC) Norms
 - o A step-by-step outline of KYC procedures, including online KYC apps, SARAL account opening forms, and KYC Registration Agencies
- Case Studies
 - o Practical precedents and regulatory actions (e.g., FIU-IND vs. Way2Wealth Brokers, SEBI vs. SKSE Securities, Paytm Payments Bank, etc.) providing insight into enforcement and compliance lapses

The structure of the book is as follows:

- Eight Thematic Chapters – Organised into Parts A and B, each delving into a specific facet of AML–CFT regulations. The chapters progress logically from foundational overviews (Chapter 1) to detailed rule-based coverage (Chapters 2 and 3), scheduled offences (Chapter 4), guidelines (Chapters 5 and 6), and KYC-specific mandates (Chapter 7). The final chapter (Chapter 8) focuses on practical case studies
- Practice-oriented Approach – Flowcharts, practical examples, and recommended best practices are integrated throughout to guide practical implementation and examination readiness
- Syllabus Outline & Assessment – Concludes with detailed chapter-wise weightage, ensuring learners can align their study strategy with exam requirements

nism certification exam workbooks: NISM X Taxmann's Category III Alternative Investment Fund Managers – Equips Professionals with Complete Knowledge of Category III AIF Strategies | Valuation | Governance | Taxation | Regulations NISM (An Educational Initiative of SEBI), 2025-08-30

Category III Alternative Investment Funds Managers Workbook is a comprehensive, exam-aligned resource for professionals managing or aspiring to manage Category III AIFs in India. Developed by the Certification team of the National Institute of Securities Markets (NISM), this workbook builds core and advanced competencies across investment theory, AIF ecosystem and structuring, governance, valuation, performance measurement, benchmarking, taxation, and the complete regulatory framework. This book is intended for the following audience:

- AIF Managers & Investment Teams of Category III schemes (hedge/long-short, absolute-return, arbitrage, quant strategies)
- Compliance, Operations & Risk Professionals supporting AIFs and investment

managers • Valuation, Fund Accounting & Reporting Teams working with NAV, returns, and benchmarking • Lawyers & Advisors engaged in AIF documentation, negotiations, and transaction support • Students & Job Aspirants seeking a structured pathway into India's securities markets and AIF industry

The Present Publication is the April 2025 Workbook Version. It is developed in collaboration with the Certification Team of NISM, Archit Lohia, Pratap Giri and Dr Rachana Baid and reviewed by Biharilal Deora. It is published exclusively by Taxmann, with the following noteworthy features:

- [End-to-end AIF Coverage] From investment theory foundations to advanced Category III strategies, risk, performance, governance, NAV, and exits
- [Practice-oriented Pedagogy] Illustrative caselets and MCQs
- [Regulatory Focus] SEBI (AIF) Regulations 2012, FEMA, PMLA, SEBI (PIT), SEBI (PFUTP), ICDR, FPI Regulations, FATCA/CRS—contextualised for Category III fund management
- [Valuation & Benchmarking Depth] Equity, fixed-income and business valuation approaches; risk-adjusted metrics, index methodologies, and performance benchmarking
- [Governance & Documentation] Fund constitution, IMAs, PPMs, subscription agreements, wrappers, and best-practice codes of conduct
- [Exam-ready Design] Lucid explanations, structured learning flow, and explicit mapping to syllabus weightages

The coverage of the book is as follows:

- Section A — Basics of Investments
 - o Investment landscape; traditional vs. alternative assets; channels and portfolio roles
 - o Modern Portfolio Theory & Capital Market Theory - Efficient frontier, CAPM, SML; risk/return estimation and optimisation
- Section B — Understanding the AIF Ecosystem
 - o Evolution of AIFs in India, categories and suitability; Category III vs. traditional products; diversification and risk-management roles
 - o AIF Structuring & Pooling - Trust/LLP/company forms; comparative analyses; fund anatomy
 - o Fees & Performance - Management fees/expenses, hurdle rates, high-water marks, risk types and measures, pre/post-tax returns, risk-adjusted metrics
 - o Indices & Benchmarking - Stock, bond, composite indices; methodologies; benchmarking principles
 - o Legal Documentation & Negotiations - Constitutive documents, IMAs, PPMs, subscription agreements, support-service contracts
- Section C — Managing AIF Investments (Category III)
 - o Investment Strategies employed by Category III AIFs
 - o Governance & Due Diligence - Investor DD, agreements, conflict management, co-investments, codes of conduct, best practices
 - o Valuation - Fixed-income basics; equity and business valuation (DCF, multiples, asset-based); NAV computation for Category III (including series); role of registered valuers; applicable regulations
 - o Fund Monitoring, Reporting & Exit - Regulatory reporting, exit options, winding up, liquidation, and dissolution frameworks
- Section D — Taxation & Regulatory Framework
 - o Taxation of AIFs & Investors - Set-off/carry-forward, GAAR, MLI, other applicable taxes with examples
 - o SEBI (AIF) Regulations 2012 - Registration/eligibility, sponsor/manager commitment, open/close-ended schemes, accredited investors, closes and tenure, demat of units, corpus-raising, Category III operational/prudential/reporting norms, general obligations, inspection, codes, surveillance, disclosure and due diligence
 - o FEMA - Inbound/overseas investment routes, foreign investments in/through AIFs
 - o PMLA compliance and other SEBI regulations (PIT, PFUTP, ICDR, FPI) plus FATCA/CRS

The structure of the book is as follows:

- Logical Progression - Foundations → AIF ecosystem & structure → Category III portfolio management → Valuation & monitoring → Taxation & regulation
- Syllabus & Weightages - Clear mapping of chapters to marks (e.g., Strategies—12, Structuring—10, Performance—10, Valuation—10, Regulatory—10, Monitoring/Exit—10, etc.), enabling focused study planning
- Learning Aids - Definitions, worked illustrations, comparative tables, and annexures for quick revision and practical application

nism certification exam workbooks: *NISM X Taxmann's Category I and II Alternative Investment Fund Managers - Covering the Full AIF Lifecycle—Structuring | Governance | Valuation | Taxation and SEBI/FEMA/PMLA Compliance*
