learning french workbooks: Montessori Workbook N2 Corrections Alain Lefebvre, Murielle Lefebvre, 2016-08-30 « Learning French all by myself » workbook collection Montessori Workbook 2 : Corrections for Vocabulary and sentences for Dictation This workbook 2 Corrections is an educational workbook that has been created to accompany a child's experience in learning French. Series 2 (a, b, c) follow the first of the French language teaching tools « Workbook 1, phonetics with pictures ». This workbook, along with the three workbooks in this series (2a, 2b, 2c), will cover all of the 62 phonetic sounds necessary to learn French. The teacher, remember is be able to exactly say each of the words and phrases to the students. This workbook utilizes the same 62 phonetic sounds as Workbook 1. For each phonetic, there will be a word or phrase for the teacher to say and child to hear. At the same time, the child will be able to view these phonetics in colorful pictures and then write (cursive) the word or phrase. These materials are presented to the child progressively, such that the phonetics that were grasped in the previous level are re- utilized at the next level. Following workbook 2c, the child will proceed to the workbook 3 series, to learn grammar and verb conjugation. Together, the complete series (Workbooks 1, 2, 3) will allow the child of 6 years old and beyond to learn the basics of the French language; the vocabulary of reading, writing, and spelling; and associated grammar and verb conjugation. We hope that these workbooks respect the needs of both right and left handers. We believe that both would benefit the most by using teaching tools that most closely match their needs. This complete collection is inspired by the Montessori philosophy and the Orton Gillingham method, the two most used methods in language learning programs in Europe and in the United States. This program was created by a team of teachers, speech therapists and Montessori educators. The workbooks have been tested by children in several schools, and settings (including homeschooling); and with speech-language therapists. These workbooks also conform with the standards of the National French Educational Programs. We sincerely believe that you will find satisfaction and enjoyment with our educational materials.
